Nick,

Yes I need to get those in. I am working out of my house as the plant is shut down, still no discharge, and my printer is down so I have to go somewhere where I can access a printer.

I will get those in the mail today.

Subject: Self Monitoring Reports

Good morning [REDACTED],

I have not seen any self-monitoring reports (SMRs) come in from SoloPower for the January-March 2018 reporting period, which is a violation of your permit. The reports must be delivered to the city or postmarked by April 15th. I know you said in a previous email that you are not currently discharging, but according to your permit (IWDP # 433.051) you are still required to send in the monitoring forms. There is a "no discharge" box on the SMR form that can be checked in such a case. Please submit/postmark the SMRs for Jan, Feb, March 2018 before May 15th, 2018 to avoid being in significant non-compliance. I attached the SMR form as well as a copy of the monitoring and reporting schedule in your permit for reference. Please let me know if you have any questions.

Thank you -Nick
